

# 25 YEARS OF INNOVATION

## COMPANY PROFILE

Since our formation in 1986, Pine Valley Packaging Ltd. has earned an excellent reputation as an Industry Leader by providing our customers with superior, innovative packaging design, and high quality standards at cost effective prices.

In the spring of 2003 we moved into our new 80,000 sq. ft. fabrication facility, complete with an enclosed 30,000 sq. foot storage compound, located in Uxbridge, Ontario. We are close to Toronto, Canada's largest city.

From inception, Pine Valley Packaging has focused on success through the innovative use of package designs and materials utilizing the talents of our 10 qualified Design Engineers working out of a 4,000 square foot fully-equipped design lab. We provide our customers with unlimited access to:

- Unigraphics technology that allows us to develop custom package design from customer supplied math data.
  - A fully computerized environment including CAD/CAM.
  - Two computerized CAD sample cutting tables.
  - Computer enhanced concept drawings and illustrations.

Pine Valley Packaging's Quality Control team is staffed with a Q.A. manager and 4 full-time inspectors. We are certified ISO 9001-2008.

Our ongoing commitment to cost reduction through innovative design and effective use of raw materials, combined with improved methods of manufacturing has proven to our international group of customers that Pine Valley Packaging sets the benchmark for providing unparalleled design, service, quality and pricing.

Pine Valley Packaging's ability to handle all aspects of a complex project, from design concept through to the finished production product, makes it possible for us to offer a "Complete Project Management Package" to our customers.
